All data should be backed-up prior to the installation of any drive unit or storage peripheral, we will not be responsible for any loss of data resulting from the use, disuse or misuse of this or any other pos terminal product.

Daily maintenance guide

For regular cleaning of POS touch screen, please use only soft haired brush or dry soft cloth. You may use moist soft cloth to remove stains when necessary. Apply only proper amount of mild neutral detergent for obstinate stains. Please note that never use Acryl dissolving solvent or Polycarbonate dissolving solvent. You may apply ammonia-based glass cleaner only on the screen surface.

Caution

- Risk of explosion if battery is replaced by an incorrect type.
- Dispose of used batteries according to local regulations.
- Do not remove the cover, and ensure no user serviceable components are inside. Take the unit to the service center for service and repair.
- Lay this equipment on a reliable surface when install. A drop or fall could cause injury.

Product Specification
